

NSL-Hydrocarbon cleaner

Product name	Type	Appearance	Color ASTM	Viscosity @ 40°C (cSt)	Flash point (°C)	Water Displacement Performance	Odor	Characteristic & Application
DRYCLEANER A	Hydrocarbon	Clear liquid	L0.5	1	50	-	Very low	Cleans insoluble metal working fluids on nonferrous metals and steel materials after machining
DRYCLEANER WD	Hydrocarbon	Clear liquid	L0.5	1	50	O	Very low	Cleans insoluble and soluble metal working fluids on nonferrous metals and steel materials after machining
DRYCLEANER PM-HG	Hydrocarbon	Clear liquid	L0.5	2.2	-	-	Very low	For printing machine. NOT designed as a hazardous material under the Fire Defense Law.
SPEED 1	Iso-paraffin	Clear liquid	L0.5	1.27	58	O	Very low	Cleans insoluble and soluble metal working fluids on nonferrous metals and steel materials after machining
